SUMMARY

As a Full Stack Java Developer with 2.5 years of experience, I bring proven expertise in CBS Banking Domain Applications. I have a track record of leading a team of four members,managing projects for international banks,and delivering innovative solutions. My technical proficiency in Java, Spring Framework, Hibernate, and database management is complemented by my ability to work effectively with clients, gather requirements, and drive successful outcomes.

PROFESSIONAL EXPERIENCE

Kiya.AI, Navi Mumbai

FullStack Java Developer | 08/2023 - Present

Product: Finairo Core Banking Solution

- Led a team of four members to successfully deliver multiple **Core Banking Solution** (CBS) projects for domestic and international banks.
- Acted as a Senior Developer responsible for the analysis, design, development, and unit testing of new enhancements/development work, following **Agile Software Development Life Cycle** (SDLC) processes.
- Developed CBS applications using **Java 8** features, **Collection**, **Multithreading**, and **Design Patterns**, while implementing proper **object-oriented programming principles**. Ensured adherence to **SOLID principles** in the development process, resulting in the creation of robust and efficient software solutions.
- Created **Spring Controller**, **Service, DAO**, and **View (JSPs)** for various modules, handling the entire development in a Spring Maven Project.
- Developed server-side applications to interact with databases using **Spring MVC** & **Spring JPA**.
- Implemented multiple screens for configurable user interfaces and developed different modules, generating **Backend workflows**.
- Provided end-to-end support for testing activities during system testing and User Acceptance Testing (**UAT**).
- Developed **REST APIs** for the application to validate Customer Information by using **PanCard.**
- Used **Maven** as a build tool for creating EAR, WAR, and JAR files to be deployed in application servers, and utilized Log4J for logging data related to the application.
- Implemented **Solr** in the product for enhanced search functionality.
- I collaborated with clients to gather requirements, showcasing adaptability and a global perspective during **on-site work in Cambodia**, resulting in improved **product functionality** aligned with customer needs and ensuring **project success**.
- Proficient in delivering solutions for Banking modules including:-
    - **> Customer Onboarding Module**
    - **> Saving Module**
    - **> FATCA-CRS Module**
    - **> Term Deposit Module**
    - **> Transaction Module**

- Extensive experience with domestic clients including:
    - > Svatantra Microfin Ltd
    - > NEDFI
    - > Burdwan Bank
    - > PNB Housing Finance Ltd (PNBHFL)

- Successfully engaged with international clients, bringing value to projects for institutions such as:
    - > ARDB Bank Cambodia
    - > Bank Saderat Iran,Dubai
    - > Malayan Saving Bank, Philippines

TECHNICAL STACK

WEB TECHNOLOGIES:
- HTML5
- CSS
- Servlets
- JSPs
- jQuery
- XML
- Ajax

PROGRAMMING LANGUAGES:
- Java (Java 8, Generics, Collections Framework, Multithreading)
- SQL (Oracle)

FRAMEWORKS:
- Spring Core
- Spring MVC
- Spring Date JPA
- Spring Boot
- Hibernate

VERSION CONTROL:
- SVN
- GIT

RESTFUL SERVICES:
- Developed REST APIs using Spring Framework

LEADERSHIP AND SOFT SKILLS:
- Teamwork
- Collaboration
- Leadership
- Adaptability
- Problem-solving
- Communication

EDUCATION BACKGROUND

- **Diploma In Mechanical Engineering,**
  Government Polytechnic Muartizapur, Murtizapure, Akola
  07-2011 To 06-2014.

- **BE In Mechanical Engg,**
  SSBTE COET, Jalgaon
  08-2014 To 07-2017

- **PG-DAC,**
  CDAC ACTS, Pune,
  10-2020 To 05-2021
